American soldiers there are fighting on the front line against more deadly enemies, such as Islamic State and al Qaeda in Iraq. The Federal Highway Administration has set aside \$400 million from its highway fund for maintenance funding. A federal law signed by President George W. Bush created the National Highway Traffic Safety Administration's first \$100 million fund. But the government's biggest asset is a \$250 million grant to the National Science Foundation to fund advanced math and science programming for school transportation. The fund will be for projects such as:.. To determine these restaurants' location, visit their website or Yelp. As the battle for Iraq rages on outside the country, American troops are on the ground in Iraq that has been a magnet for militants since the invasion and occupation, killing more than two million people.. That's according to a report by the Congressional Research Service published Thursday, which finds the total loss of Iraqi infrastructure, including water supplies, electricity and schools, exceeds \$800 billion, with the vast majority of the damage occurring over almost a decade.
